

Mitsubishi Electric Thai Foundation donates to Prateep Dek Thai Project

Ms. Hiroaki Condo (third left), Vice Chairman of Mitsubishi Electric Thai Foundation, together with the committee of the foundation donate 270,000 baht to “Prateep Dek Thai Project”. The contribution aimed to support the construction of Learning Center for Children for the third consecutive year. The main goal of the project is to build Learning Center for Children across every region in Thailand. This center help taking care of children aged between two and six, focusing on enhancing and developing physical, mental, emotional, social, intellectual, and other related skills according to their ages in order to grow to be a good youth in the society. The event happened recently at Wat Dhammamongkol, Bangkok.
