

## Press Release

### Mitsubishi Electric Donates 1 Million Baht to Support “Light of Heart Field Hospital” for COVID-19 Patients

Mitsubishi Electric Thai Foundation, together with Mitsubishi Electric Group in Thailand, donates 1 million Baht to support the operations of "Light of Heart Field Hospital" with a 450-bed capacity. The new field hospital will receive green and yellow COVID-19 patients to help mitigate the shortage of hospital beds and healthcare resources which is almost stretched to capacity. It also provides improved access to care and helps to shine the light of hope and happiness in braving the COVID-19 storm in Thailand.

Mr. Hiroaki Kondo, Vice Chairman of Mitsubishi Electric Thai Foundation, said, *“The third wave of COVID-19 outbreak is resulting in rapid increase of confirmed cases per day which led to shortage of healthcare resources. In response to the surge of field hospitals being established across the country, Mitsubishi Electric Thai Foundation and the three companies in the Mitsubishi Electric Group in Thailand which comprises Kang Yong Electric PCL, Siam Compressor Industry, and Mitsubishi Elevator (Thailand), appreciate the dedication and hard work of medical personnel. Therefore, together*

*we donate 1 million Baht to support the operations of "Light of Heart Field Hospital", a new field hospital with a 450-bed capacity equipped with 76 high-flow oxygen devices and technology to optimize health and safety of patients and medical personnel while ensuring infection control and environmental*

*management of surrounding area. We are proud to be a part of this contribution towards Thai Society and I sincerely hope that we will continue to work together to overcome the situation.*

Mitsubishi Electric Group in Thailand is committed to conducting businesses with good social, community, and environmental responsibility per our corporate mission, "Changes for The Better". The aim is not only to drive innovation for a better quality of life but also to foster a quality society with sustainable growth and participate in developing solutions to social needs in Thai society. Prior to this, the group has donated 2.4 million Baht to "Chaipattana Foundation Fund to Fight COVID-19 (and other pandemics)" to support underserved hospitals in rural areas across country in procuring resources and medical equipment, as well as patient care necessities to support coping with the pandemic which impact all sectors in the short and long term.
