Mitsubishi Electric Thai Foundation & Mitsubishi Electric Group in Thailand Continues to Support Prateep Dek Thai Project to Build Child Development Center for the 5th Consecutive Year

Mitsubishi Electric Thai Foundation, led by Mr. Hiroaki Kondo, Vice Chairman, together with representatives of the Mitsubishi Electric Group in Thailand, donated 270,000 Baht to Prakru Palad Suwattana Prommongkolkun (Serporn Thammawaro) at Wat Pa Lertthammit, Pathum Thani Province. This is to support the 5th consecutive years of the "Prateep Dek Thai" Project to construct child development centers across Thailand.

Child Development Centers under the Prateep Dek Thai Project is an initiative of Somdet Phra Yanawachirodom (Venerable Luang Phor Viriyang Sirintharo), former Abbot of Wat Dhammamongkol. The objective of the project is to promote the development and education of children aged 2 – 6 years whose parents have low income, and contributing to developing future valuable human resources for the society and country. At present, the project oversees 1,000 child development centers across country, and the care is still insufficient.

“Our support to the Prateep Dek Thai Project continues for the 5th consecutive year and is an activity that aligns with “Changes for the Better” which represents the Mitsubishi Electric Group’s attitude to “always strive to achieve something better,” We strive to help build a sustainable society by synergizing our business and people to create a better quality of life through the support to education development and environmental preservation by supporting children in the underserved group to receive proper education to prepare for academic readiness while developing mental health from early childhood would serve as a strong foundation for their lives in the future.” concluded Mr. Hiroaki Kondo.
