

## Mitsubishi Electric Kang Yong Watana cooperates with Mitsubishi Electric Thai Foundation arranges 4<sup>th</sup> Science Classroom activity

Mr. Yasushi Moriyama, Managing Director of Mitsubishi Electric Kang Yong Watana Co.,Ltd. together with Mr. Hiroaki Kondo, Vice Chairman of Mitsubishi Electric Thai Foundation, executive team and employees arrange “Science Classroom 2019” activity to provide opportunity for children to learn science knowledge through hands-on experiments. This is the 4<sup>th</sup> consecutive year of the activity which has been arranged by companies under MITSUBISHI ELECTRIC group. For this year, 135 of 5<sup>th</sup> grade students from Ramkhamhaeng University Demonstration School (Elementary Level) attend this activity to learn about “The science of Heat Transfer” by expert engineer team as well as get fun and informative guided walking tour at AI Gallery which explain the latest Mitsubishi Electric’s advance technology and innovation. The activity aims to sustainably support education for the young generation which is one of MITSUBISHI ELECTRIC group’s intention accordance with the company’s mission ‘Changes for the Better’. Science Classroom activity is recently held at Mitsubishi Electric Kang Yong Watana Co.,Ltd. on 23 August 2019.
