Mitsubishi Electric donates 2.4 million Baht to Chaipattana Foundation for COVID-19 relief effort

Mitsubishi Electric Thai Foundation and Mitsubishi Electric Group Company in Thailand donated 2,400,000 Baht to “Chaipattana Covid-19 Aid Fund (and Other Pandemics)” recently, Her Royal Highness Princess Maha Chakri Sirindhorn has graciously granted the Chaipattana Foundation a permission to launch “Chaipattana Covid-19 Aid Fund (and Other Pandemics)” to help fight the unprecedented epidemic and provide support for under-resourced hospitals particularly in rural areas to help frontline medical personnel in fighting against Covid-19 pandemic.

Mr. Hiroaki Kondo, Managing Director of Mitsubishi Electric Asia (Thailand) Co., Ltd., stated that; *"Mitsubishi Electric Group Company in Thailand and Mitsubishi Electric Thai Foundation realise the importance and value in conducting business to respond to social, community and environmental needs. With our Corporate Statement, "Changes for the Better", represents our goal and attitude to always strive to achieve "something better", as we continue to change and grow. It is where we focus on the development of innovation for a better quality of life and aiming to create a quality society and sustainable growth. In which our employees are aware of one's role as a social member for the contribution to the development of communities and society where we belong to. Therefore, amidst the Covid-19 pandemic crisis, although the situation has been improved, with appreciation and gratitude to the dedication and*

hard work of the public health organizations, as well as medical personnel who are at the frontline of the battle, we would like to be a part of society to alleviate the impact of the pandemic, as well as to prepare to handle the challenging situation of this disease, we at Mitsubishi Electric Group would like to take part in supporting the operation by donating 2,400,000 baht through the “Chaipattana Covid-19 Aid Fund (and Other Pandemics), established to help fight the unprecedented epidemic and provide support for under-resourced hospitals particularly in rural areas. With this fund, personal protective equipment and other essential medical supplies will be provided to combat the disease. This is another move to control the outbreak that may affect all sectors both in the near term and long term.”
