

Press Release

Mitsubishi Electric Thai Foundation donated Biomass wood pellet machine and Forest firefighting equipment to Community Forest in Lampang

Mitsubishi Electric Thai Foundation led by Mr. Hiroaki Kondo (Vice Chairman), Mr. Krit Thongnark (Director) and Mr. Hideyuki Nagata, Executive Advisor of Mitsubishi Electric Asia (Thailand), donated Biomass wood pellet machine and Forest firefighting equipment to Ban Pong Community Forest in Ngao District, Lampang Province on 18 February 2022.

In collaboration with the Royal Forest Department, Thailand Greenhouse Gas Management Organization (Public Organization) and Community Forest, Mitsubishi Electric Thai Foundation has been supporting “Community Forest Partnership for Climate Action Project” for the 4th year and in realizing for the air pollution in northern part of Thailand caused by forest fire, we supported the Ban Pong Forest Community which actively taking part in combating forest fire in the community and nearby area to reserve natural resource for the benefit of own community and society as a whole.

In accordance with Mitsubishi Electric Management Policy, "We will contribute to realizing sustainability through all of our activities". We dedicate in contributing to society and solving social issues through our business to endure as a company which we celebrated our 100th year anniversary in 2021. For Mitsubishi Electric in Thailand, Mitsubishi Electric Thai Foundation has been established to contribute to Thai Society since 1991, over 30 years, we have been contributing to the education of young generation, social welfare, and environmental aspect. We have been supporting the "Community Forest Partnership for Climate Action Project" since 2018, for the Community Forest in Rayong, Nakhorn Sawan and Lampang.

On the occasion of the Community Forest Fire Prevention Training for community leaders and members held on 18 February 2022 at Community Forestry Support Center 9 (Lampang) at Ngao District, Lampang Province, Mitsubishi Electric Thai Foundation Representatives, Mr. Hiroaki Kondo (Vice Chairman) said, *"I would like to extend my gratitude towards the Royal Forest Department for our good cooperation over 4 years and all relevant parties who have made this training happened and we hope that the biomass wood pellet will not only be the way to recycle wood residue as alternative fuel but it would as well be an alternative income for the community in the future. I would like to convey my appreciations to all training participants who sacrifice time to participate in this course as part of contribution and strong responsibility towards own community and we are proud to be part of the support to Ban Pong Community Forest and wish all participants good health and success"*
